

王淑誼博士

(高雄師範大學華語文研究所)

個人簡介：

Dr Suyi Wang (王淑誼博士) enjoys working as a consultant in Language education and international education. She provides professional development training and conducts linguistic audits of the Chinese program for a range of international schools. She also serves as an IB school authorization consultant and a school visit team leader, and an ACS WASC Visiting Committee member.

Suyi has taught and led at several international schools including the Shrewsbury International Schools, Shanghai American School, Western Academy of Beijing and International School of Beijing. Prior to international schools, she worked at three renowned universities in Seoul and Hong Kong. She has been a guest professor of the International College of Chinese Studies, East China Normal University since 2017.

Suyi is currently an adjunct assistant professor at the National Kaohsiung Normal University and the National Taiwan Normal University.

工作坊主題：「被動學習到主動學習的變身密碼」(Transformation code from passive learning to active learning)

工作坊摘要：

傳統教育模式是一百多年前應運工業時代的產物，目的在大量培養像工廠等處所需要的工人。在 21 世紀全球化的信息時代，科技已經完全改變了我們的世界，而人類的學習方式、思維、交流和生活也都有了翻天覆地的改變，傳統被動式填鴨已經無法準備好下一代迎接瞬息萬變的 5G 和人工智能時代。這個工作坊探討如何把傳統教師和教材為主的教學轉化成以學習者為中心的學習環境，而激發學習者主動學習的精神並發展其主動學習的態度和技能，成為善於學習的終身學習者。參加工作坊的老師和研究生將體驗習者為中心的教學方式，通過探究、思考、交流、表達和合作，更深入地理解並掌握啟動學習者主動學習動能的原則和高效的策略。
